DRIVERV

Your Journey starts with The Caravan Group

Built for Australia, engineered to move!

The Caravan Group trading as DRIVE RV is a culmination of over 70 years of combined experience and knowledge from within the caravan industry ranging from Sales, Servicing and Repairs including the creation of new industry products used today, right through to developing one of Australia's largest Caravan Manufacturing brands, all coming together to form the most comprehensive and well backed brand available for Australian consumers.

Consisting of a group of partners from all sectors of the Caravan Industry working closely together, our mission is to redefine expectations of 'Quality Built Affordable' caravans.

Every DRIVE RV caravan is a testament to quality craftsmanship and innovative design, ensuring the highest standards of safety, durability, and comfort. We are proudly Australian owned and operated, dedicated to helping families and adventurers create lifelong memories without compromise.

Meet our CEO: David Wilson.

The Caravan Group Pty Ltd is headed by industry stalwart David Wilson, whose career has spanned every facet of the caravan lifecycle. From his beginnings in service, warranty and repairs, progressing to roles as Dealer Principal of one of Australia's largest sales centres, and then ultimately progressing to serving as a Managing Director and original founder of one of Australia's largest Caravan manufacturers, David brings unparalleled leadership and vision to The Caravan Group with a wealth of industry knowledge.

Dave Wilson, CEO

DRIVE RV

High Level caravanning at affordable pricing,
DRIVE RV's Alpha Edition ticks all the boxes

Alpha Edition - Touring

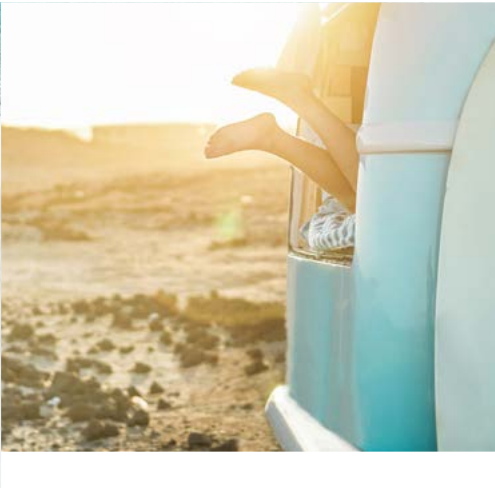

Standard Inclusions are endless and include 300 Amp Hour Lithium Battery and 500 Watt Solar just to name a few, standard inclusions others call extras.

The Alpha Edition offers superior stability, modern comfort, and expert engineering, ensuring you get a high-quality Australian-made product without the premium price tag. Featuring the latest premium XPS Composite Panel construction with honeycomb flooring you can be assured your investment is super strong and just as important super lightweight.

Composite sandwich panel is the future of caravan construction, anything else is just old hat.

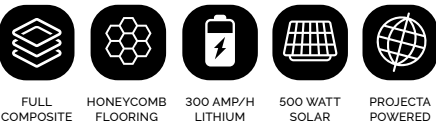

The Alpha Edition features only the best and most functional layouts that have been chosen from years of experience and are exclusively available in luxurious colour schemes designed by industry experts. Ask to see the range of colour ideas at your local DRIVE RV dealership.

Explore the difference, view the DRIVE RV Alpha Edition today.

Stronger, Lighter, Built for Australia

Go Further,
Stay Longer,
make memories
that last.

DRIVE RV

Built to explore Australia's toughest terrain with ease

XU1 - Semi Off Road

Built strong, light and adventure - ready, the XU1 delivers comfort, control and durability on bitumen and graded dirt roads, with added ground clearance and reinforced engineering.

Designed for comfort, control and durability on bitumen and graded dirt roads the All-New DRIVE RV 'XU1' Semi Off Road adventure caravan is sure to please

Where the sealed road ends, the adventure doesn't have to stop. The 'XU1' is our semi-off-road powerhouse.

Built in full XPS Composite Panel with honeycomb flooring so it's super strong and light weight and engineered by The Caravan Group's experts to handle Australia's diverse landscape with added ground clearance, reinforced chassis, toolbox and hitch, additional 600amps of Lithium battery power and over 1000 watts of solar plus much much more.

The XU1 provides the comfort and luxury you expect from an Australian-made van with the durability to explore graded dirt roads, national parks, and coastal tracks with confidence so you can get off the beaten path away from the caravan parks without sacrificing comfort or convenience.

Stronger, Lighter, Built for Australia

Go Further,
Stay Longer,
make memories
that last.

DRIVE RV strongly recommend towing at a safe speed according to travel conditions with extra care and attention required on uneven surfaces. DRIVE RV Semi Off-road caravans are not designed for hard impact or heavy landings or severely rutted roads or tracks. Semi Off Road 'XU1' Models are not designed for any surface other than sealed or graded gravel and graded dirt roads. Under no circumstances are Semi Off Road models to be taken over severe corrugations or rutted roads. This includes Touring 'Alpha' Models and or similar fitted with upgraded independent suspension. Off Road and Semi Off Road DRIVE RVs are not designed for use on 'Four Wheel Drive Only' tracks under any circumstances. DRIVE RV recommend when in doubt leave your caravan as a base camp and explore the rough areas with your tow vehicle alone.

- FULL COMPOSITE
- INDEPENDENT SUSPENSION
- SEMI OFF-ROAD CAPABLE
- 600 AMP/H LITHIUM
- 1000 WATT SOLAR
- PROJECTA POWERED
- HONEYCOMB FLOORING
- 3000W INVERTER
- DIESEL HEATER

Inclusions List - Alpha Edition

CHASSIS
Supagal Australian Made Chassis - ARV Chassis
6" Heavy Duty Chassis

DRIVE RV

Why DRIVE RV is better than most.

Inspect a DRIVE RV caravan today and see for yourself.

DRIVE RV caravans are built from the ground up right here in Australia, in Officer South, Victoria. We are proudly Aussie owned and operated and employ local people. Our Chassis are made in Melbourne using Australian Steel and we use local suppliers for all our components.

DRIVE RV caravans use innovative XPS Composite Sandwich Panel Construction Technology to create caravans for the Australian market that are stronger, lighter and superior than traditionally built vans.

Our vans won't deteriorate and rot like traditional timber frame vans, they are also significantly lighter, greatly improving your fuel costs whilst towing, they are also significantly stronger and won't let you down where others fail.

DRIVE RV interiors feel alive and fresh and inviting, using computer cut furniture with subtle tones and beautiful design aspects that give a feeling of home style comfort more so than just a caravan.

Our team have selected only the best layouts, the most user-friendly designs and worked them into a strong, stylish and above all, reliable caravan that will stand the test of time and offer many years of safe rewarding caravanning.

Inspect a DRIVE RV caravan today and see for yourself.

With you long after you hit the road.

Nationwide repairs, real support, and a 3-year manufacturer's warranty for total peace of mind.

At DRIVE RV, our commitment to you doesn't end when you drive off the sales lot. Backed by The Caravan Group Pty Ltd, we guarantee an after-sales and customer support experience that is second to none in Australia. "We are with you for the long haul."

Travel with peace of mind, all DRIVE RV caravans offer a fully backed 3 Year Manufacturer's warranty on all caravans, and the ability to have your caravan repaired anywhere in Australia, because no one wants any issues especially on the road, but it's nice to know your fully covered should the unthinkable happen.

Our dedicated, after Sales support team and nationwide service network ensure that your extended trip isn't interrupted by unexpected issues. We'll handle the logistics; you enjoy the scenery.
